

SERTECPET NAMED AS ONE OF THE 2020 WORLD'S MOST ETHICAL COMPANIES BY ETHISPHERE

Recognition honors those companies that take the long view with a purpose-based strategy and strive to create positive change throughout their global communities.

QUITO, ECUADOR – February 25, 2020 – SERTECPET®, a specialized industry in designing energy solutions worldwide, has been recognized by Ethisphere, a global leader in defining and advancing the standards of ethical business practices, as one of the 2020 World's Most Ethical Companies.

SERTECPET has been recognized in the year 2020 and is one of only 2 honorees in the Oil & Gas, Renewables industry. In 2020, 132 honorees were recognized spanning 21 countries and 51 industries.

"It is the responsibility of leaders to create companies based on ethics with a collaborative team committed to excellence. This award is a reflection of the culture of SERTECPET, which is based on solid corporate values that make transparency and ethical practices fundamental pillars that allow us to give value to our customers and stakeholders," said **Eduardo López, CEO of SERTECPET**".

"Congratulations to everyone at SERTECPET for earning this recognition," said **Ethisphere's Chief Executive Officer, Timothy Erblich**. "Their commitment to their communities and operating with integrity is evidenced by their anti-bribery and corruption system; environmental, safety and governance practices; and leadership in their industry."

Since its foundation, SERTECPET® envisioned an industry with the best practices that work day by day in a transparent way, with the best team and making ethics the most important value for the development of actions and decision making.

Methodology & Scoring

Grounded in Ethisphere's proprietary Ethics Quotient®, the World's Most Ethical Companies assessment process includes more than 200 questions on culture, environmental and social practices, ethics and compliance activities, governance, diversity and initiatives to support a strong value chain. The process serves as an operating framework to capture and codify the leading practices of organizations across industries and around the globe. Best practices and insights from the 2020 honorees will be released in a report and webcast in March and April of this year.

All companies that participate in the assessment process receive an Analytical Scorecard providing them a holistic assessment of where their programs stand against the demanding standards of leading companies.
